Jim Lizotte Named VP of Retail Consulting Solutions at RPE

August -- 6, 2008 -- Tampa, Fla. - Retail Process Engineering (RPE) announced today the appointment of Jim Lizotte as vice president of consulting solutions to support the company's expanding consulting practice. Lizotte will focus on RPE's core business of providing business process improvement, package selection, strategic IT planning and systems implementation to retailers.

"For RPE, retail consulting is about providing strategic and functional expertise that goes beyond the application for a total solution," said Cliff Epstein, president, RPE. "Jim's successful track record with JDA and Oracle in providing retail solutions allows him to leverage the appropriate resources and identify necessary services to improve business processes to current best practices to maximize the benefit of new software."

By maintaining effective communications with executives across RPE's client base, Lizotte will expand relationships, resolve issues and identify opportunities to address specific needs to improve business performance. Additional responsibilities include client management and new client identification.

Prior to joining RPE, Lizotte was a consulting sales director for Oracle Corporation's Retail Global Business Unit focused on services sales to Tier 1 retail clients within the United States and Latin America.

For over 9 years, he worked with the JDA Software Customer Solutions Group directing retail consulting services nationwide providing project management and business development activities.
